The creation of the Community Safety Hub and fortnightly partnership tasking to identify areas of demand and vulnerability and effectively respond to the risks of the challenges around Anti-Social Behaviour and Organised Crime faced in the area is now well established.

The Anti-Social Behaviour Co-Ordinator is partnership with Gwent Police has provided ASB referral training sessions across CCBC to highlight the early intervention services available and how to refer ASB perpetrators into the process.

A Gwent Prevent Action Plan has been drafted to meet the recommendations of the Home Office Prevent Toolkit. The action plan will be managed by the Gwent Prevent Training & Delivery Group in consultation with partners.

A Community And Neighbourhood Directed Operations (CANDO) event was held in Phillipstown in March to gather information about resident's concerns around community perceptions of crime, disorder and ASB and to provide partnership reassurance. Following a public consultation event a week of action took place where partners carried out a variety of activities in the area and an action plan has also been developed which prioritises future work.
