

Delivery Plan 2018-2023

Action Area: AA4a – Safer Communities

Context:

Feeling unsafe in a community has a significant impact on quality of life, whether someone is a direct victim of crime and disorder, or fears that they may be at some time in the future. The Well-being assessment has highlighted that the community wants public sector bodies to prioritise concerns surrounding crime and disorder; anti-social behaviour particularly as well as environmental crime. Engagement and communication with local communities is necessary to identify problem areas and individuals and direct the earliest and most effective interventions. Improved partnership working and collaboration is key to providing a consistent approach to service delivery and will avoid duplication of effort. This allows for the best use of resources when dealing with both immediate issues and for developing preventative measures for the future.

These issues can be addressed as part of the delivery of the well-being goals.

The Future Generations Framework should be used when developing and agreeing all content of this Delivery Plan. This framework helps translate the legal concepts (of the FG Act) into easily understandable and project focused prompts, which when followed will help design better / more robust principles. Following the framework prompts for each proposed area of activity / task will ensure :

- 1) the connections are made between the content of the Caerphilly County Borough Area Assessment of Local Well-Being 2017 and the Caerphilly Public Services Board Well-being Plan 2018-2023 and it's well-being objectives.
- 2) the Five Ways of Working are embedded to maximise contribution to the Seven Well-being Goals
- 3) early thinking to reflect and demonstrate change

<p>Well-being Objectives</p> <p>Check to see if there is a connection between your proposed activity / task and the relevant Public Bodies and/ or Public Services Board's Well-being Objectives and Plans</p>	<p>Initial Project Development</p> <p>Not yet agreed</p> <p><u>Positive Change</u>—Improved partner working and sharing of workspace, facilities and information is being implemented to use assets and resources more intelligently.</p> <p><u>Positive Start</u>—Looking at ways to educate young people in community responsibility, providing diversion from negative behaviours, working with Gwent Police ACES and Early Intervention providers.</p> <p><u>Positive People</u>—Building and maintaining collaborative working/engagement with partners to explore concerns, identify and action relevant solutions. Use of community engagement events to encourage increased reporting.</p> <p><u>Positive Places</u>—Work with partners to tackle environmental crime and property defacement and development of mediation services to help residents address problem persons and behaviour directly.</p>
<p>Five Ways of Working</p> <p>Using the Five Ways of Working is a key element of the legislation. They must be used throughout the life time of a project, from design to review.</p>	<p>Initial Project Development</p> <p>Not yet agreed</p> <p>The five ways of working will be considered in the development of every action and task.</p>

	<p>Long Term –actions now to be taken with view of future impact eg. education of youth on effects of ASB, hate crime, terrorism, abuse of green spaces, increase community ownership – change behaviours and reduce future demands.</p> <p>Integration – decision and actions will be considered against wellbeing goals and other objectives eg. Identify any duplication early, link in with existing plans, keep on track.</p> <p>Involvement – identify and encourage input into decision making from any relevant quarter eg. Community events, feedback, third sector involvement. Take into account mobility and travel issues, Welsh language requirements, other barriers to engagement.</p> <p>Collaboration- Partner activity, info and resource sharing – (In-house, Gwent Police, VAWDASV, ACES, SWFRS, Education, COCGP, panels)</p> <p>Prevention - Early Interventions, Diversionary activities, Pro-active enforcement activity (CSWs), Use of PSPOs</p>
<p>Seven Well-being Goals</p> <p>The well-being goals must be considered as an integrated set of seven, and the well-being objectives (considered above) should maximise contribution to all seven</p>	<p>Initial Project Development</p> <p>Not yet agreed</p> <p>A Prosperous Wales Safe use of night time economy, increased revenue, expansion of NTE provisions (Safer Caerphilly After Dark) Areas of low crime/ASB encourage use of local area for living, business, tourism, attract investment</p> <p>A Resilient Wales Resource and facility sharing (with hot desking option for partners). Working with Community Safety partners to protect and provide access to natural environment through targeting environ crime, ASB. Reduce ASB/Crime leads to reduced community impact, clean up requirements and costs, repairs etc</p>
